Current Corona Virus situation - Lenzing Papier maintains operations

Dear Customers,

We would like to assure you that we at Lenzing Papier are able to guarantee complete product safety and continuous product supply.

Production continues as usual. Our logistics partners are ready to deliver our paper grades.

Lenzing Papier has taken strict protective measures in accordance with the requirements of the Austrian government and beyond.

The World Health Organization (WHO) has no evidence that the virus is transmitted to humans through paper contact. By means of our automated processes, products do not come into direct contact with operators.

We certainly monitor and assess the situation on a daily basis and will keep you up to date.
